Dear Mr. Schiller:

Thank you very much for your accurate report on RADIO FREE DIXIE. We broadcast every Friday night from 11-12 EST. The same program is repeated Sunday and Tuesday nights from 12 midnight til 1 a.m. EST; 690 KC.

I am originally from Monroe, North Carolina, where I served as President of the Union County NAACP for 6 years until I was forced into exile by a Ku Klux Klan inspired "kidnap" charge that grew out of a civil rights demonstration.

RADIO FREE DIXIE is not an official government program. The time(three hours weekly) has been donated to us by the government and all views expressed are my personal ones, based on my American background.

You should visit Cuba today. You will find quite an improvement since 1949.

Sincerely,

Robert F. Williams
